

Important Notice for 6 year old athletes.

TAAF made a rule clarification last September.

a. Exception: if an event is only offered as 8 & under (i.e. breaststroke), 6 & under may compete in that event but ALL of that swimmer's events for the meet must be in the 8 & under category.

As a result of this rule change if your 6&Under child swims in any 8&Under events certain actions must be taken.

1. The athlete may swim the 8&Under event and NO 6&Under events. They may change their 6&Under events to the 8&Under events.
2. The athlete may drop the 8&Under event and swim their 6&Under events while substituting another event for the dropped event.
3. This applies to relays as well.

If you are in this situation please send changes to [joe@swimtaaf.com](mailto:joe@swimtaaf.com) as soon as possible. At 9:00 am on Friday I will arbitrarily switch any athletes that fall under this rule to all 8&Under events.
